

Supervising Intensivist - Caribe

Procedencia de la oferta: Hospital en el Caribe
Dirección de la oferta: Caribbean

We are currently looking for a supervising intensivist for a period of approximately two months, longer periods can be discussed. The intensive care unit of this hospital consists of six beds, but is to be expanded to eight once more personnel is hired. It is an intensivist-guided ICU in which the intensivist does not work as the main physician. All paperwork and documentation is handled manually, and no medical interns work in the department.
